DISCOVERY DAY

Introduction to Securing your AWS Cloud

Companies and organizations have an urgent need for talent with cloud skills to help transform their businesses and keep up with the fast pace of the global economy. This AWS Discovery Day introduces several AWS services that can be used to improve your security postures and is ideal for those that are considering migrating to the AWS cloud or have existing workload running on AWS. Various security design principles are covered and foundational knowledge on introductory AWS services can be leveraged including:

- Explain the benefits of the AWS Cloud
- Security design principles
- Security posture
 - Authorization
 - Authentication
 - Monitoring
 - Auditing
 - Network controls

Date: Thursday, 18 August 2022

Time: 09:00 am to 12:00 PM

Venue: Netcampus, Building 4 | Design Quarter
Cnr William Nicol & Leslie Ave | Fourways
