

Peace of mind - Gives you the chance to retake a demanding exam

Taking an exam means you invest in time, energy and money. Wouldn't you like to sit your exam knowing that if the outcome is not what you expected, you could have another shot, at a fraction of the exam price?

Take² is an add-on service that becomes available only when the initial exam linked to it has a "fail" result. Take² is not transferable, non-refundable, and cannot be redeemed for cash or credit, even if it isn't eventually used.

Candidates must schedule and take the re-sit exam within 6 months from the date of their initial exam. Take² is exam-specific; it cannot be used for any other offering and is valid only for the exam originally purchased.

Failing to show up for a Take² exam appointment or not rescheduling the appointment prior to their scheduled appointment forfeits candidates' ability to use the is not available for purchase after a failed exam.

An affordable solution - Allows you to retake an unsuccessful exam at a fixed, attractive rate, at a fraction of the cost, without having to purchase it again at full price
