Vision: To lead the Information Communication Technology (ICT) Training industry by inspiring potential to achieve greatness.

Mission: We do so by providing diverse technology training products, customized solutions and offering innovative training technologies to empower people with technology skills which are accessible, practical, leading to advancement and enabling a better quality life.

Our Values:

Customer Orientation | Integrity | Accountability | Passion | Teamwork | Empowerment

Management Profile

Tebogo Makgatho – CEO

A believer in empowerment through training Tebogo Makgatho CEO and Shareholder of the Netcampus Group has a strong drive and passion to transform the ICT sector and break barriers of entry into a predominantly male dominated sector. She has a rich history working in the Information Communication Technology and Services industry and is an advocate for training and providing solutions for digital transformation. She has initiated many youth programs since her entry into the ICT sector and has expanded her business to also service other sectors in the market including Business, Government and Academia. As a leader in her field, Tebogo runs a successful business which continues to expand due to market demand and is supported by a strong base of affiliated technology partners and team of professionals.

Why Our Unique Training Benefits You

For Business:

- Upskilling your employees to bridge the digital divide as part of a retention strategy;
- A digital training badge ensures competency and skills validation;
